We make bunnies, I want to sell them

User · 2026-04-03 04:17:24

Got it—you make bunnies and want to sell them. The Research Brief is missing your **Business Problem**, which we need to frame what decision the research will support. What is the specific business problem you're trying to solve (e.g., "Which customer segment will buy first?" "How do we price?" "What product features drive purchase?")?
